We do not have responsibility with missing file of this book.

What is fanfiction, and what is it not? Why does fanfiction matter? And what makes it so important to the future of literature?

Fic is a groundbreaking exploration of the history and culture of fan writing and what it means for the way we think about reading, writing, and authorship. It's a story about literature, community, and technology—about what stories are being told, who's telling them, how, and why.

With provocative discussions from both professional and fan writers, on subjects from Star Trek to The X-Files and Buffy the Vampire Slayer to Harry Potter, Twilight, and beyond, Fic sheds light on the widely misunderstood world(s) of fanfiction—not only how fanfiction is transforming the literary landscape, but how it already has.

Fic features a foreword by Lev Grossman (author of The Magicians) and interviews with Jonathan Lethem, Doug Wright, and Eurydice (Vivean Dean).
